

I am shocked to hear about Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election. Obviously they would never air "Fahreheit 9/11" claiming it would be too partisan. That would be reasonable--IF THEY WERE NOT HYPOCRITICAL IN AIRING AN EQUALLY PARTISAN documentary. This is a clear example of the dangers of media conglomeration.

I expect the FCC to take stern action. The airwaves are available to them for FREE by the citizens of the USA. They are not fulfilling their bargain. I will be watching the FCC to see how much integrity they show in acting on this.

If the FCC does not act swiftly and clearly, it will only strengthen my resolve to fight the FCC's rules with their bias toward BIG MEDIA!!!

Thank you for your attention in this matter.
